
Dear Tenant,

Welcome to the ARC Apartments at Titanic Quarter.

Titanic Quarter provides its own phone line and broadband services to the ARC Apartments. We offer unlimited ¹ upload and download ² Fibre to the Home broadband packages, and if you need a phone service, we can supply that as well.

Please find attached your order form with the package information as discussed with Titanic Broadband team. If you are unsure of any of the details or would like to query any part of this document please contact our customer service team on 028 9078 6868 or email us at arc@titanicbroadband.co.uk.

If at any time you need technical support, our services are open 8.30am – 5pm on 028 9078 6868 with locally based staff. There are no expensive premium rate technical support numbers to worry about.

As Titanic Quarter we are delighted to provide telephone line and broadband services to you.

Important Information

Please note that to avail of our packages we will be required, to install equipment in your apartment if the fibre service has not been provided there before. A copy of the charges will be included in your order form.

All services are paid by direct debit. We can accept application forms by email but please note that to meet bank requirements we require an original signed direct debit form sent to our postal address of Titanic Broadband Services:

Atlas Communications NI Ltd
Unit 2B, Concourse Building 1
Queen's Road
Queen's Island Belfast
BT3 9DT

Payments using direct debit will be collected on 1st of each month.

All our services are provided subject to our terms and conditions. These can be found at <https://www.atlas-comms.com/uploads/pdfs/ARC-Broadband-Terms-Conditions-September-2019.pdf> or you can request a copy of this at any time by phoning or sending an email to our customer services team.

¹ All our packages offer unlimited downloads subject to an Acceptable Use Policy. Consistently heavy users who are involved in using peer to peer and other media streaming services may be subject to measures to restrict access speeds where they are affecting other users.

² Speed is dependent on number of active users.
